AUTOMOTIVE LUBRICANTS

Engine Oils for Passenger and Light Commercial Vehicles

These are the engine oils for passenger and light commercial vehicles which are designed for a long-term use in modern engines, have high performance, prevent sludges, decrease the friction losses in engine, deliver perfect wear protection and have low viscosity.

GEAR OIL

These are heavy-duty type oils prepared by a special formulation of high-quality mineral base oils and high-performance additives, and durable against pressure.

PRODUCTS

80W
90W
140W
75W80
75W90
75W140
80W90
80W140
85W140

PACKAGING TYPES

3 LT | 14 KG | BARREL | IBC

INDUSTRIAL OILS

These are high-performance oils produced by formulating high-quality base oils with high-quality additives.

PRODUCTS

BORON OIL
HEAT TRANSFER OIL
CLOSED SYSTEM INDUSTRIAL GEAR OILS
INDUSTRIAL HVPL HYDRAULIC SYSTEM OIL
MINERAL COMPRESSOR OIL
SYNTHETIC COMPRESSOR OIL
MOLD RELEASE OILS (WATER-SOLUBLE)
MOLD RELEASE OILS (WATER-INSOLUBLE)
HALF-SYNTHETIC METALWORKING FLUID
SLIDEWAY AND MACHINERY OIL
MULTI-PURPOSE INDUSTRIAL FLUID
BLENDING OIL
ANTI-CORROSION OIL
TEXTILE OIL
TURBINE OIL

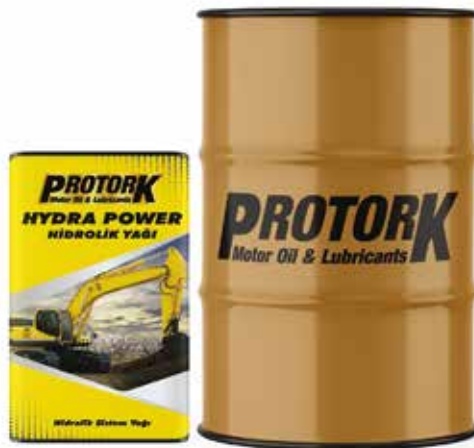

PACKAGING TYPES

20 LT | BARREL | IBC

HYDRAULIC FLUIDS

These are high-performance fluids produced by formulating high-quality base oils with additives such as oxidation and rust and anti-foam additive, and used in all industrial and moving hydraulic systems.

PRODUCTS

- HYDRAULIC 32
- HYDRAULIC 37
- HYDRAULIC 46
- HYDRAULIC 68
- HYDRAULIC 100
- SYNTHETIC HPVL HYDRAULIC 32
- SYNTHETIC HPVL HYDRAULIC 46
- SYNTHETIC HPVL HYDRAULIC 68

PACKAGING TYPES

14 KG | BARREL | IBC

MULTI-PURPOSE TRANSMISSION OILS

These are the lubricants with wide range of use, formulated with high-quality oils and high-quality additives.

PRODUCTS

- MONO 10
- MONO 20
- MONO 30
- MONO 40
- MONO 50

PACKAGING TYPES

14 KG | BARREL | IBC

MOTORCYCLE OILS

These are produced by formulating the well-refined base oils with high-quality additives, to be used in two-stroke or four-stroke engines.

PRODUCTS

2T HP
 2T API TC
 4T 10W40 API SL 4
 4T 15W40 API SG 4
 4T 15W50 API SL/CF
 4T 20W50 API SG

PACKAGING TYPES

1 LT | BARREL | IBC

GREASE

These are the lubricants produced with high-quality oils and performance enhancing additives, fibrous, water-proof and convenient for multi-purpose use, lithium-based, calcium-based and soap-based, used in sleeve and ball bearings with medium and high speed and without high temperatures.

PRODUCTS

WHITE GREASE
 RED GREASE
 RUBBER GREASE
 BEARING GREASE
 LITHIUM GREASE
 LITHIUM EP GREASE
 LITHIUM BLUE GREASE
 LITHIUM EP BLUE GREASE
 LITHIUM + CALCIUM GREASE
 LITHIUM + CALCIUM EP GREASE
 LITHIUM + CALCIUM BLUE GREASE
 LITHIUM + CALCIUM EP BLUE GREASE
 MOLYBDENUM GREASE
 COMPLEX BLUE GREASE
 CALCIUM GRAPHITE GREASE
 LITHIUM GRAPHITE GREASE

PACKAGING TYPES

900 GR | 3,75 KG | 14 KG | 16 KG | BARREL

ATFs

These are formulated with well-refined base oils and high-quality additives and used for the automatic transmission systems and as steering fluid of the vehicles.

PACKAGING TYPES

900 ML | 20 LT | BARREL | IBC

PRODUCTS

ATF DEXRON
ATF DEXRON II
ATF DEXRON III
ATF DEXRON VI

ANTIFREEZE

This is the organic and concentrated organic cooling liquid used in the cooling system of the vehicles in all seasons, and which protects material such as aluminum alloys, copper, brass, solder, iron and steel.

PACKAGING TYPES

1,5 LT | 3 LT | 16 KG | BARREL | IBC

PRODUCTS

PROTORK ANTIFREEZE
PROTORK ORGANIC ANTIFREEZE
PROTORK CONCENTRATED
ORGANIC ANTI-FREEZE

AGRICULTURAL TRACTOR OILS

These are produced by formulating the mineral base oils and synthetic oils with modern high-performance additives and used for tractors and heavy machinery.

PACKAGING TYPES

14 KG | BARREL | IBC

PRODUCTS

10W30 API GL-4
TRUCK FLUID 422
TRUCK FLUID 426
